

7.9 International Business (BIP1018)

UDAYANA UNIVERSITY
Course Syllabus
INTERNATIONAL BUSINESS
(Code: BIP1018)

5 ECTS

Course Description

This course covers a wide scope of issues relating to conducting business in different international arenas. The course includes topics such as business environments, global public relations strategies, organizational behaviour, international human resources, ethics, social responsibility, law, and information technology.

The nature and economic role of multinational corporation, including the impact of legal, political, educational and cultural variables, are examined for their influence upon business performance and managerial activity.

International business provides students with skills to identify international opportunities/threats and analyse their impacts, as well as with knowledge on how to formulate appropriate strategies and implement applicable action plans to achieve company goals. The course will help students understand today's competitive global environments, marketing, finance, and policy. The course examines legal, logistical, organizational and cultural issues.

Objectives

Upon the completion of this course, the students are expected to have a good understanding of international business environments and practices. The specific objectives of the course are:

1. Analyzing the role and impact of international businesses on national economic development
2. Explaining how the economic, political/legal and financial environments affect international business operations
3. Discussing how cultural and behavioural differences influence countries' business practices and how these differences can be addressed using appropriate strategies
4. Discussing international trade theory and how government and business decisions influence international trade
5. Assessing the effects of current regional trade agreements and economic integration on developing countries.

Teaching Method

The course includes lectures, assignments, case studies, final project, and final exam.

Assessment Method

Assignment: 30%

Mid-term Exam 30%

Final Exam: 40%
